
More Social Networks

Posted by top_cat - 2007/09/19 10:25

Could you include additional social network links in the next version. These should include: Digg, slashdot, StumbleUpon, Reddit, technorati

Thank you,

=====

Second !!

More social networks would be great!

If anything, the AddThis component should be built in to MxComment.

Check it out here

And demo here
