## Filter for accidental double posts?

Posted by simpleuser - 2007/11/18 00:14

---

I don't know if it's possible, but it would be nice to have a feature that would filter out accidental double posts (for example by comparing the new post with the previous one and filter it if it matches). Btw how do users do these double posts? Maybe it's the result of pressing the refresh button in the browser?

I take your request into consideration.

I'm also seeing a lot of double posts even though I have a 180 second delay between posts. I'm not sure how this is happening.
